

# JOB DESCRIPTION ARCHITECT

I look at the pictures and talk to the supplier

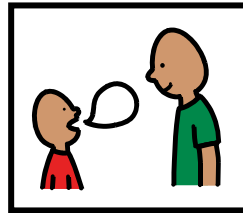

I say which lego to give to the builder

I don't build the lego

I can ask an adult for help

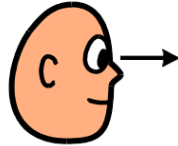

# JOB DESCRIPTION SUPPLIER

I listen to the architect

I find the lego

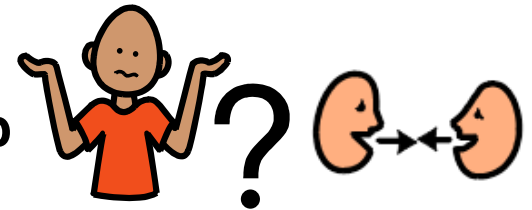

I give the lego to the builder

I don't build the lego

Sometimes I need to ask the architect for help

# JOB DESCRIPTION BUILDER

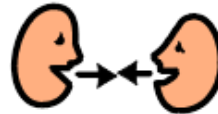

I build the lego the supplier gives to me

I listen to the Architect

I ask the Architect for help

I listen and watch

# JOB DESCRIPTION SURVEYOR

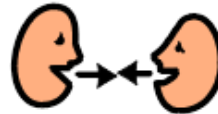

I inspect the job and tick my sheet

I listen to the Engineer

I ask the Engineer for help

I don't build the Lego
